Condition (23) of Air Emission License A-282-70-A-I requires that ExxonMobil Oil Corporation (ExxonMobil) report data necessary to update the State's toxic air pollutants emission inventory every two years in accordance with MEDEP Chapter 137. The intent behind this condition was for ExxonMobil to submit inventory data on the schedule required by Chapter 137. The Department has recently revised the reporting years for Chapter 137.
